HTC Vive Focus

•ALL-IN-ONE VR.THE FUTURE OF BUSINESS BEGINS HERE.A professional-grade, portable VR solution for enterprise applications, the VIVE Focus Plus is designed for easy deployment and management. Equipped with immersive six-degrees-of-freedom (6DoF) controllers, improved graphics and the ultimate in ergonomic comfort, this all-in-one VR system is ideal for showrooms, training simulations, virtual conferences and more.

•THE ENTERPRISE-FOCUSED STANDALONE VR HEADSET.Immersive and Intuitive Control With 6DoF tracking available in the all-new controllers, VR navigation and hand motions are highly intuitive and immersive. The pressure-sensitive trigger further provides enhanced interaction and manipulation of objects in virtual environments. Combined with the 6DoF-supported headset, users can seamlessly interact with virtual environments and truly appreciate the freedom of untethered VR.

•Enhanced VR Visuals Most standalone devices come with trade-offs-especially when it comes to visual quality. Not the VIVE Focus Plus. Users will be able to see even more details in excellent clarity with reduced ring effects thanks to all-new lenses.

•Comfort for Extended Usage The VIVE Focus Plus is more balanced, more comfortable, and rests easier on users' heads than its predecessor, laying the groundwork for extended, productive sessions in VR. A new soft, easy-to-clean material makes it ideal for high-usage environments.

•"Full VIVE Enterprise Platform,Support.Uncomplicate VR with Kiosk Mode Kiosk Mode limits access to apps and navigation to simplify the user interface and experience. The result is a portable yet powerful, fixed-purpose device that focuses on what matters most to trainees and clients: the content.Simplify Device and Content Management
